

## Booking & Funding Integration

At Liventus, we pride ourselves on providing our clients peace-of-mind with top-shelf solutions for your critical documentation needs and portfolio management needs. Automation makes it easy to find the right funding source, sales tax rules, and commission allocations.

## FUNDING SOURCE AT A GLANCE

Have immediate access to all the details around the various funding sources you use. Sort, filter, and highlight the various elements you need to select the right funding source for your deal.

Funding Source At A Glance	Equip type	Contract Type	Private Sales	Sale Lease	Trans size	Term	FICO

# BUILD FASTER PROCESSES WITH AUTOMATION

## LEASE BOOKING

Automate the process of booking a deal in your portfolio management platform rather than entering each new lease manually. Through automation, critical data from internal systems can be collected and placed in a compatible data file for auto transfer into your portfolio management platform.

## SALES TAX

Rules and tax rates can vary widely by state, county, zip code, specific addresses within a zip code, special exceptions, and even occasional district changes; not to mention the type of asset. Optimize your sales tax and increase your speed by utilizing a sales tax manager tool housing the highly-variable data.

## Case Study

### Beacon Funding

- Leasing Integration
- Automated Credit Pulls
- CRM Integration
- Cloud Server Infrastructure
